

REMARKS

A Notice to File Corrected Application Papers was received in the parent case. The Notice indicated that the original application contained improper margins. We therefore submit herewith a Substitute Specification containing proper margins. The margins are the only change that has been made in the Substitute Specification. No new matter has been introduced.

By this Preliminary Amendment, Applicants have amended the Substitute Specification to insert the required reference to the parent application, to which benefit of priority is claimed.

Applicants also have cancelled claims 1-18, without prejudice or disclaimer. Claims 19-33 are therefore the sole pending claims.

Please grant any extensions of time required to enter this paper and charge any additional required fees to our deposit account 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
